

### MASTER PLAN CONCEPT A

-  Floodplain Conservation Through Existing Land Use (30 AC, 20 AC outside minimum flood corridor).
-  Build Flood Storage Facilities: Site S-2AF and Site S-202.  
See Potential Stormwater Storage Facilities – Sites S-202 and S-2AF – Data Sheet, Figure MP-17
- Encourage flood insurance policies for buildings within 100-year floodplain by ordinance.
-  Set lowest floor elevations in new developments 1' above 100-year flood elevation.

 100-YEAR EXISTING
